POSSOM HOLLER

(LEVEL GREEN.)

The winds blow in Possom Holler and rain, snow and warm days alternate, "we hear of wars, and rumors of wars," all this since McKinley's last inauguration—destructive fires, Cy Clones—I can't for my life, see what made them go and do it, but then they are continually doing something wrong, when they do anything, in spite of my advice. I expected all these calamities—one term in the White House, was enough for Billy, but then, well, well.

The sick among us are slowly improving.

Betsy has had a long hard spell of La Grippe.

What is Grippe? Can any one tell me the difference between Grip and Cold? Let some of ye doctors try it a pull, then let them give us the difference between chills and ague. Truly we do, in this fast age, have a lot of new, high sounding names—BIG SCARY NAMES—for old common ailments. These names, and the name by which the Dr. says his medicine would scare a stout man. No wonder to me (when I come to think of it) that we have such long spells, and such long bills to pay when we look at those long names—for instance, try this one a pull, "Hydrolocosnozics." I worked hard a whole day trying to decipher and define this here one, and late at night I found it to mean expectorating from the nose. Then we have a thousand and a "itises", with prefixes as long as my arm, &c. Now is it a wonder that these ailments linger with the unfortunate patient, who is anxious to know what ails him? So after examining a few more of these jaw breakers and breath knockers, I laid the thing aside, determined, if possible, to get sick no more, nor take more medicine. If I do, I shall not ask the Dr. to tell me what is holdin' me down or what he's givin' to git me up. I wanted a prescription—for a qt of brandy and, "by gum," the Dr. took his book and peccil and wrote like this—"Rx I. O. Spts Vini Gaici," I sent the "scrip" to a stiller but he could not make head nor tail of it and asked what d—n phule wrote it. My agt. then told him, that I wanted a quart of his best brandy as I was sick—it came too. Now Mr. Editor I have concluded that we should call a hoss, "a hoss" and a cold, "a cold" and have a little to do with grip or La Grippe, influenza or even a bad cold as possible.

We are truly sorry to hear of the severe illness of our young friend and old pupil, Edgar Gooch, and hope for him a speedy recovery. Will you be so kind as to tell me what poor fellow that iz at Livingston, that said i had burz in my mane—now, he surely aint seed me lately, but, bin misinformed. I'm studying hard, ov nites, postin up fur my examination, I've about completed spellin, reedin, ritin an rethmetic; so ef my opponents will leave our election to a spellin match fur settlement, we can settle it quickly and cheaply, and in my favor, but if they won't do this, why I'll just beat them, that's all. I say, hurrah for Buck for Supt.

Henry Brannaman made me another fair promise Saturday about my chickens. Now if you don't bring them in a writ of Habus Scapus will.

John W. Wesley Kirby is still in school studying hard, although "he's seen yoreu wery winter's seen 57 times return." He says his nomination and election is

now a surety. Well, I can't tell, for I have plenty to do looking after my own case. Wesley says that some of those, who are trying so hard to do something against him, are actually making in my votes for him.

Now Wesley and I once pulled together, but we no longer trot in the same harness. I'd beat them all if I could.

It is not so much what the newspapers says, as what neighbor says to neighbor, or friend to friend, that has brought Chamberlain's Colic, Cholera and Diarrhoea Remedy into such general use. It is as natural for people to express their gratitude after using this remedy as it is for water to flow down hill. It is the one remedy that can always be depended upon, whether a baby be sick with cholera infantum or a man with cholera morbus. It is pleasant, safe and reliable. TWICE PROVEN.

From the Vindicator, Rutherford-ton, N. C. The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. Not only are the Republican candidates, but the rank and file of the Republican party, are dissatisfied at the action of their county chairman in refusing the candidates an early primary.

Wildie is a picturesque little village situated between two hills, which rear their wooded summits to the firmament in a manner that signifies that they are proud of the miniature city, at their base. With its three general stores; its drug store; its two hotels; its post office; its shoe shop; its black smith shop. It supplies most all the wants of farmers for miles around. Its school develops the young idea and teaches it how to shoot, and is preparing workman for buildings that will be erected for years to come, all over the county. We have a very good church building, in which all denominations worship. We have a Sunday school, and going to organize a Christian Endeavor society, in the near future. Both of which are strong battalions in the warfare against vice. There is a great deal of lumber, cross ties, staves and locust posts shipped from this place. With all the advantages enumerated, there is one bad drawback to Wildie, and that is (mud) we have not enough sidewalks to accommodate those of us who cannot afford a horse, to say nothing of the traveling public in general. We think the young people, of this vicinity, should get up an entertainment of some kind, to raise money to build a sidewalk from post office to church, which they could easily do, if the people would give them the support due to the object they ought to have in view. Talk it to our young people and see if we cannot show the people who come here from a distance, that Wildie has some wide awake energetic people, for its inhabitants.

ANNOUNCEMENTS

We are authorized to announce
Chesley Payne,
as a candidate for Magistrate in the Fourth
district, subject to the action of the Repub-
lican party.

THROUGH the instrumentality of
Mr. Carlo Lytle, the Manchester
lawyer, and Mr. John G. White,
of Winchester, the Clay county
feudists have agreed to lay their
arms aside and let peace reign.
Sheriff Beve White will resign his
office, and move to Winchester,
besides a number of others, who
belong to the feuds, who will also
leave the county. The two gentle-
men, who brought about the peace
agreement, are to be congratulated
for their splendid work. It is to
be hoped that this step taken, will
be a means, whereby peace and
harmony will last for all time to
come.

MOR-LAW is to be abhorred by any
right thinking man, yet it seems,
that in some instances it is almost
absolutely necessary, in its severest
form. The burning alive of John
Henderson, the negro who murder-
ed Mrs. Conway Younger in Texas,
is horrible to think of, yet that is not
to be compared, when we think of
a virtuous woman, being murdered,
because she would not succumb to
the wants of this negro's brutish
nature.

ANDREW CARNEGIE, just before
leaving for Europe, announces the
fact, that he has retired from active
business life, and also makes a
donation of \$5,000,000 for the ben-
efit of the disabled employes of the
Carnegie Company. To Mr. Car-
negie must be credited, more than
is in most instances allowable, for
people of his class.

THE announcement, of the death
of Ex-President Harrison, which
occured at his home in Indianapo-
lis, Wednesday afternoon at 4:45;
will be received with great sorrow
throughout the United States. In
the death of the ex-President, we
lose a man, whose place will be
hard to fill in many particulars.

A secret society in the Philip-
pines, known as the Manducats,
have fell upon a plan, whereby all
natives, who favor the Americans,
shall be killed, and their mode of
procedure, is to bury them alive.

THE Louisville Dispatch is no
more and the creditors seem to be
far more numerous and in a good
deal worse box than the stock
holders.

EX-GOV. W. O. BRADLEY will
be the one to get the appointment
for the Judgeship of the new
Eastern Kentucky district.

REV. A. J. PIKE ON LICENSED
SALOONS.

MR. EDITOR Mt. Vernon Sig-
nal: While I was in your town
some days ago, I heard a gentle-
man say, he was in favor of having
a public license saloon, that high
license would control the sale of
whisky and make it better for the
common people etc. Now with
good will for all, and malice for
none, I want to give my opinion
on the license system. I want to
speak to men who claim to be Chris-
tians.

The Apostle Paul says: "We
must all appear before the Judge-
ment seat of Christ; that everyone
may receive things done in his
body; according to that he hath
done, whether it be good or bad.

And the same author says no
"drunkard, shall inherit the King-
dom of God." And again, "Woe
unto him that giveth his neighbor
drink, that putteth the bottle to
him, and maketh him drunken also.

Now then in view of the Judge-
ment, where we must all appear,
let us take this whisky subject,
and go before God in Judgement,
and see how we will come out, tak-
ing our bro's view of this subject.

Now a man comes before us, (as
his neighbor) with a request for
our consent to allow him to sell us,
and our young men, that which
make us, and them, that which
make them drunk. Of course, if
there were no people he would not
attempt to trade.

These people are many; he is
one, they are stronger than he,
and without their consent, express-
ed or implied, he cannot sell. At
first we say to him, no, sir, your
business of selling whisky, will
make criminals, and unfortunates,
of our people, and your business
will fill the land with widows and
orphans; the charitable institutions
of our country with paupers and
other unfortunates; the jails and
reform schools with petty crim-
inals; the penitentiaries with felons
of every degree; and that your
business will make drunkards out
of our boys;

And that no drunkard can enter
the Kingdom of God. And of
course, we can not license you to
do this for us.

But he answers, and says, I will
divide the money, that I make in
my business, with you, I will give
you a part of the proceeds of my
sales, say \$500 or a \$1,000 per
year. And now for the sake of a
few paltry dollars, that will in the
end burn our hearts, and bring dis-
grace and ruin upon our commu-
nity, we give our consent.

For in every community, where
you find a man that is willing to
take for his business the sale of
alcoholic drink, whose living de-
pends on his success, you will find
a man with facilities, and in a busi-
ness, that appeals to the social na-
ture of the youth, as well as to his
appetite, and in the majority of
cases he bids successfully for the
boy, against the home and the
school; and the result is the boy
becomes a drunkard. For it is
found that, in spite of all we can
do, the ranks of the drunkards are
kept full, and we know the license
saloon, is the successful recruiting
office, or station.

Now in the face of all these facts,
how can a Christian, that must ap-
pear in Judgement, say, he is in
favor of licensing saloons.

Now the result of selling, is
drunkenness. When the man gets
drunk, he kills his fellow man, now
we take him before the Judgement
seat of Christ, for trial, and the
Judge says, No murderer, nor
drunkard, can enter this Kingdom.
But the poor unfortunate drunk-
ard, answers and says, Master, I
was not a student of the Bible, I
did not know that you had such a
law as that on your Statute book,
and I found a man, who was licens-
ed by your people, to sell me this
drink, that made me drunken, and
I did this crime while I was drunk.
But the Judge answers and says,
the law must be executed, so the
man cannot be saved nor get into
the Kingdom of God.

Then comes in the licensed sa-
loon keeper, for his trial, and the
Judge says to him, did I not say to
you, that if you put the bottle to
your neighbor, and made him
drunken, that you should be curs-
ed. And then he will answer, and
say, I never read your law, I did
not know what you had said, on
that subject. And as you, the
Judge was gone away from the
earth, and I could not see you, I
went to your executive body in
the world, called your Church, or
Bride, the Lamb's wife, yes, the
Church of the Living God, and I
asked their permission to enter this
business. And after a consulta-
tion on this subject, they first said
no; it is wrong, but I said, I will
divide my income in this business
with you, and it will reduce your
taxes and make your burden less,
financially, and as the love of
money is the root of all evil.

They then said yes, we will not
only allow you to sell, but we will
give you license to sell, although
we know what the result will be.

But the Judge answers and says,

ignorance cannot excuse you. I
said you must be cursed, if you did
this act, and the saloon-keeper is
cursed for his un-Godly deeds and
business. And as he goes down,
his license is left in the records of
the Court. And in open Court,
they will be read and we find them
signed up, with the names of
Preachers, Elders and Deacons
and members of the Church of
God.

Now Christian people, who fa-
vor license saloons, who of us all
that must appear before the Judge-
ment seat of Christ, will be the
most guilty factor on trial, these
men are all cursed and condemned,
but it is the result of our license,
will not the Judge hold us as part-
ners, and as accessories to the crime?
What will the answer be?

Fraternally.

COUGHS KILL

We know of
nothing better
than coughing
to tear the lin-
ing of your
throat and
lungs. It is
better than wet
feet to cause
bronchitis and
pneumonia.
Only keep it
up and you
will succeed in
reducing your
weight, losing
your appetite,
bringing on a
slow fever, and
making every-
thing exactly
right for the
germs of consumption.

Better kill your cough
before it kills you.

Ayer's Cherry Pectoral

kills coughs of every
kind. A 25 cent bottle
is just right for an ordi-
nary cough; for the
harder coughs of bron-
chitis you will need a 50
cent bottle; and for the
coughs of consumption
the one dollar size is
most economical.

"My cough reduced me to a mere
skeleton. I tried many remedies,
but they all failed. After using the
Cherry Pectoral I immediately be-
gan to improve, and three bottles
restored me to health. I believe I
owe my life to it."

STRIKES A RICH FIND.

"I was troubled for several years
with chronic indigestion and nerv-
ous debility," writes F. J. Green,
of Lancaster, N. H. "No remedy
helped me until I began using
Electric Bitters, which did me
more good than all the medicines I
ever used. They have also kept
my wife in excellent health for
years. She says Electric Bitters
are just splendid for female troubles;
that they are a grand tonic and in-
vigorator for weak, run down
women. No other medicine can
take its place in our family." Try
them. Only 50c. Satisfaction
guaranteed by all Druggists.

NIGHT WAS HER TERROR.

"I would cough nearly all night
long," writes Mrs. Chas. Apple-
gate, of Alexandria, Ind., "and
could hardly get any sleep. I had
consumption so bad that if I walk-
ed a block I would cough frightful-
ly and spit blood, but, when all
other medicines failed, three \$1.00
bottles of Dr. King's New Discovery
wholly cured me and I gained
58 pounds." It's absolutely guar-
anteed to cure Coughs, Colds, La
Grippe, Bronchitis and all Throat
and Lung Troubles. Price 50c
and \$1.00. Trial bottles free at
all Druggists drug store.

A GOOD COUGH MEDICINE FOR CHILDREN.

"I have no hesitancy in recom-
mending Chamberlain's Cough
Remedy," says F. P. Moran, a
well-known and popular baker, of
Petersburg, Va. "We have given
it to our children when troubled
with bad coughs, also whooping
cough, and it has always given per-
fect satisfaction. It was recom-
mended to me by a druggist as the
best cough medicine for children as
it contained no opium or other
harmful drug." Sold by
Wesley Druggist.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has the picture on it, and no other. If you have not had it, send for a sample, its agreeable taste will surprise you. **SCOTT & BOWNE** Chemists, 123 Pearl Street, New York.
